THOUGHT FOR THE MONTH

Jesus was born to die. The crucifixion was no surprise to Jesus. He knew it was coming all along. From the beginning He understood what He would suffer. Yet He deliberately chose the path that would lead to the cross.

He willingly laid down His life to save us. The blood of Jesus was shed for us. That day on the cross, He paid the ultimate price in order to reconcile God and man---to make peace between the two. What appeared to be a tragedy borne of hate was in fact love's greatest triumph.

Why would Jesus pay such a price? Only for love...for you and me. Hallelujah! He is risen! May you be blessed with JOY as you celebrate our Savior's resurrection this Easter!
