

## Video Editor

Central is looking to add a talented Video Editor (Part-time) with a variety of post-production experience with broadcast, corporate and social media videos. We're looking for someone who can take the concept and footage and create a polished end-product. The successful candidate should have a depth of knowledge with the Adobe Creative Suite (Premiere, Audition, Photoshop, etc.). Applicants can email the Communications Director their resume and examples of projects/work.

### Responsibilities & Duties

- Edit Central's announcement video
- Meet deadlines for our 1-hour, weekly broadcast by timing out, captioning and editing each Sunday's service
- Working with the Communications Director to create and implement TV commercials and videos for social media
- Post all media materials to Vimeo and website
- Other duties as assigned

### Qualifications & Skills

- Proven work experience as a Video Editor
- Strong abilities with digital technology and editing software such as Adobe Premiere
- Demonstrable video editing ability with a strong portfolio
- Thorough knowledge of timing, motivation and continuity
- Familiarity with video production, 3D and compositing is a plus
- Creative mind and storytelling skills
- BS degree in film studies, cinematography or related field or pursuing such degree
